Message From

Lowe's Chief Executive.

Recent times have been challenging for everyone, but it is our award-winning teams that have made it possible for us to show resilience. Part of our recent success is down to our process of constantly innovating new technologies and services - demonstrating our commitment to providing the best solutions to our customers. It is this passion that I believe serves to cement our position as a recognised global leader.

During the last 12 months, we have worked hard to strengthen our global offering through a blend of new divisions and strategic acquisitions. These additions have enabled us to enter and grow new markets such as cutting-edge climate tech via our LoweConex brand, rapid delivery markets with Rental+ plans and PKL Delivery Kitchens and our most recent acquisition, the award-winning refrigeration design consultancy, Abbey Design Associates who meet the needs of customers with complex refrigeration design requirements.

I am proud to say Lowe Corporation now brings together a multi-award winning suite of seven owned brands that operate from fourteen international locations. From Las Vegas to Hong Kong, we deliver a world-class array of equipment rental solutions, industry redefining climate technology and globally recognised commercial catering and refrigeration design expertise.

As we move forward, we will continue to live out our four core values; Listen, Empower, Accomplish and Innovate. As we listen to our customers, empower our teams, and implement innovative solutions that set our customers up to not only achieve their goals but create their own successes.

Rachel McCausland

Chief Executive Officer - Lowe Corporation

LoweConex

Unlocking your data to build a better future

An award-winning IoT software platform and hardware solution delivering accelerated sustainability achievements and substantial financial savings for retailers.

Software Solution

The LoweConex software platform connects directly to edge devices, instantly harvesting legacy data from existing systems. LoweConex can then utilize intelligent techniques such as mass data analysis and automated rules via two-way communication to remotely manage assets in real-time.

Hardware Solution

LoweConex IoT hardware devices are fitted directly to assets, creating secure wireless connections that enable two-way communication via MQTT & NB-IoT. Instantly transmitting data to the LoweConex software platform and allowing changes to be applied automatically to any previously unconnected asset.

LoweConex Bureau

A dedicated team of industry and technology experts supporting retailers to achieve sustainability goals. Analysing estate-wide data, implementing automated energy reduction initiatives and creating asset efficiency protocols to meet customer targets.

LoweConex Community

Exclusive customer access to a collaborative environment that shares industry best practice, driving continuous improvements and innovation within the technical deployment of IoT energy saving solutions and initiatives.

Net Zero

Scope 2 solutions that provide real-time energy data, accurate GHG emission calculations, auditable reporting and automated energy reduction initiatives to deliver accelerated energy and carbon reductions for retailers.

ESG

ESG environmental solutions that enable retailers to track, analyse and report on ESG environmental data to ensure their retail estate achieves environmental goals with ease. LoweConex enables retailers to analyse with accuracy, report with confidence and comply with ease.

Lowe Have Supported

What Lowe's Customers Say...

“

Since the inaugural F1 race in Singapore in 2008, **Lowe Rental has been our refrigeration contractor providing us a total solution in supply, installation, on-site maintenance, dismantling and other logistical support**

Singapore GP's decision to work with Lowe, besides being competitive in pricing, is mainly because of their good track record in delivering reliable, quality, cosistent products and service over the years.

”

Singapore GP

“ **When you think of temporary kitchens, you think of PKL.**

It became clear very quickly that PKL had the expertise to help us provide the right kitchen facility and install it in a way that caused very little disruption to our school. The facility is perfect for our needs and does not impede our contractor for the main build of the new catering and dining facilities.

”

Taunton School

“

I have worked with Mark and LOWE for many years, **a reliable company and someone you can always rely on and trust to deliver a top class service.**

I highly recommend them, especially in the UAE.

YAS Marina Circuit

”

“ **Lowe Rental came to our rescue**

when we were in dire need of solutions for our new office. Lowe helped guide us through the best and most cost-effective Cold Room options. From the installation team right through to the admin, service and maintenance teams, Lowe's prompt response time, courteous and patient natures, have made life much easier for us.

”

Whole Foods Asia

“

PKL and Lowe have been fantastic, their products have been really really good and are exactly what we want.

They turn up and deliver the kitchen and cold rooms on time and if there's ever a problem they come down and they fix it.

”

Christmas at the Spiegeltent

Good geographical coverage is very important as our show travels to a different location every year.

Lowe's nationwide expertise makes them an ideal partner.

IDDBA

“““

PKL have given us positive guidance, been **proactive and professional**, and have helped us to find the right solution.

Whole Foods Asia Bahrain International Circuit

How Lowe are Socially and Environmentally Responsible.

Lowe Group have introduced a CSR programme focusing on limiting their impact on the environment and enhancing their involvement in the local community.

SUSTAINABLE

Minimal waste produced, reduced energy consumption, recycling of materials, re-using parts as and where appropriate.

SUPPORTING CHARITIES

Dedicated Charity of the Year in each location which each office fund raise and support through volunteering activities. Annual foodbank donations, Christmas shoebox appeal and Christmas soup kitchens.

STAFF EVENTS

Holding a number of staff events and initiatives, recognising important cultural events across their global organization, and placing a huge importance on both physical and mental health through staff recharge days.

SUPPORTING THE LOCAL COMMUNITY

Supplying discounted refrigeration and catering equipment to local businesses, accepting pupils for work experience, attending industry days at schools.

Celebrating Our People.

Karen Rumsey, Temp. to Director.

Karen joined PKL in 2003 on a temporary 2 month contract. Starting with cold calling customers within health-care sector, Karen has progressed through Sales Executive, Sales Manager, Sales Director, and is now PKL's COO. Karen's been at the business for **17 years for two main reasons** the **people** and the **challenges** of running a hire business which she loves!

Anna, warehouse staff to Warehouse Manager.

Anna has been with Lowe for over **14 years** starting as a cleaner. Moving on to completing a PAT Test qualification and working within the refurb area, Anna is now the **Warehouse Manager @ the largest hub in Lowe.** The people around her and her team make Anna's job a real success and a joy to be in.

Ray Lee, casual labourer to Regional Director.

Ray joined Lowe **15 years ago** working for Steve Hancox in Hong Kong as a **casual part-time labourer** helping with exhibitions. Today, Ray controls Lowe's activities **throughout Eastern Asia** and manages three distribution centres in Shanghai, Singapore and Hong Kong (main Asian distribution centre).

Lucy's on the road again!

Lucy started her career at Lowe as an agency porter and progressed on to become a **HGV class 1 driver.** After developing an interest in learning to forklift drive and with support by Lowe to achieve this, Lucy has since gone on to successfully complete **forklift training, HGV class 2, HGV class 1,** and recently completed **moffett training.**
